

Stud flange

This image shows a close-up of a metal track assembly. A grey track is mounted on a wall. A blue stud is attached to the track. A red arrow points from the 'End cleat' label to the corner of the track. Another red arrow points from the 'Stud flange' label to the flange of the stud. The 'Track flange' label points to the flange of the track. The 'Stud web' label points to the web of the stud. The 'Stud flange' label at the top points to the flange of the stud at the top. The 'Track' label points to the track itself. The 'End cleat' label points to the corner of the track. The 'Track flange' label points to the flange of the track. The 'Stud web' label points to the web of the stud. The 'Stud flange' label at the bottom points to the flange of the stud at the bottom.
